ANOTHER STILL FOUND AND MORE ARRESTS MADE

Sheriff Wright and his deputies went down below Wade on Red river Sunday and arrested R. M. Hood, Obey Bolln, Dick Stevens, a man by the name of Hyde, and one other, all charged with complicity in the operation of a still found several weeks ago.

Tuesday morning the sheriff's force made another trip to that section and at the home of Tom Cole located a forty-gallon still, with eight gallons of freshly made booze. The still was in a house of Cole's, a fire was under it and the liquor was brewing. All the men have been turned over to the Federal officers.

Three cases have been filed against Cole, who was tried several years ago on a similar charge.

Sunday the sheriff's force made a raid on a poker game in the Matoy neighborhood, and six pleaded guilty to gaming in the county court.

Mrs. Mamie Yager.

Tuesday morning, after an illness of six months, Mrs. Mamie Yager, 520 West Texas street, wife of Herman Yager, at last succumbed to her long suffering. There are left, besides the husband, four children, the oldest twelve years and a baby of six months. Funeral services, conducted by Rev. Butler, were held at the home and interment made on Wednesday afternoon in Highland cemetery. The sympathy of many friends goes out to the bereaved husband and children.

WAR TANK WILL BE IN DURANT THIS FRIDAY

Citizens of the county are being given an opportunity this week to see one of the "baby tanks" which were used so effectively to combat the Huns on the Western front. In charge of the tank are two soldiers who have seen service, and who are helping in the Victory Loan Campaign.

The tank was in Caddo Monday, in Colbert Tuesday, Bennington on Wednesday, Thursday in Bokchito, and is being shown in Durant Friday and Saturday, thus giving many of the country folk who come to town on the last day of the week an opportunity to see this modern instrument of warfare.

Will Not Join Any Alliance.

From a high source in the American delegation at Paris it has been learned that the American attitude on the reported alliance between the powers to guarantee the safety of France against attack by Germany, was that no alliance would be entered into by the United States that was not consistent with the spirit of the league of nations.

Liberate Japanese Subjects.

Viscount Kato, prominent Japanese statesman, favors giving freedom to Korea and creating an autonomy for Formosa, Japanese subjects.

Walter J. Turnbull, Choctaw Attorney, has returned from a business visit to Washington and reports that Congressman Carter will visit this district in a short time and will make several addresses.

I. W. W. Draws Sentence.

John Wiggins, I. W. W. organizer, was found guilty by a jury in the Federal court at Tulsa of conspiracy to obstruct the recruiting and enlistment service and was sentenced by Judge J. W. Woodrough to four years in the Federal penitentiary at Leavenworth. Wiggins has been in the Federal jail at Muskogee for nineteen months, but the penitentiary sentence becomes effective at once.

NOTICE TO CONTESTANTS

Every once in a while it seems that something just HAS TO happen—even in the Weekly News shop—and it happened last week. Thorough somebody's oversight the names of the prizewinners in the misspelled word page for the week of April 11, didn't get their names on the page

last week (issue of April 18), and to make it all the worse, the prize winners from the issue of April 5 appeared two successive weeks in the page. To try to "square it" all around, in this week's paper, the prizewinners for April 11 and 18 all have their names printed, and we'll try not to pull the same "bone" again. The Editor.

Cutting Scrape at Kenefick. Monday night Sheriff Wright was called to Kenefick to look into the matter of a free for all cutting scrape and brought back with him several participants. It is said that one party was pretty well backed up.

If it is FIT to print it is in the News.

VOTE YES FOR GOOD ROADS May 6th WHY?

FIRST—Because Bryan County will get 76 miles of hard-surfaced roads, costing ONE MILLION ONE HUNDRED AND FORTY THOUSAND DOLLARS (\$1,140,000.00). All of that money will be spent in Bryan County. About \$600,000 will be spent for labor. This will furnish work for every man and team in the county, and we should remember this will give the returned soldiers jobs.

PROPERTY NOT TAXABLE

SECOND—IT WILL NOT RAISE YOUR TAXES ONE CENT. Because the money to pay for the bonds and interest comes from the Income Tax, the Gross Production Tax on Oil, and Gas and other Minerals, and the increased tax on automobiles. Remember the same amount of money will still be available for our dirt roads as under the old law.

THIRD—The money will be spent by a Commission composed of two Democrats and two Republicans and the Governor, assisted by a State Citizens' Committee of twenty and a committee of three from each county, under the direction and supervision of experienced and competent Government and State engineers.

FOURTH—Government engineers will assist in the work and the U. S. Government has appropriated and will appropriate an equal amount of money with the State of Oklahoma for the construction of good roads, as the bill provides for the Federal Aid.

BRYAN COUNTY COMMITTEE WILL OVER SEE WORK

FIFTH—A committee of three Bryan County Citizens will be appointed to see that the contractors meet the Government and State requirements for road building. This assures Bryan County getting full value for the money spent in the county.

SIXTH—Bryan County citizens will be relieved of the expenses of maintaining these hard-surfaced roads in this county and the money and labor now spent on these roads will be used on other roads in this county. The roads to be built by this bond issue will be kept up by a special tax on the railroads, telephone and telegraph lines, oil pipe lines, and a small tax on the real estate within three miles of the hard-surfaced roads.

ROADS ARE A FREE GIFT

SEVENTH—THIS IS THE ONLY WAY by which we can get a system of hard-surfaced roads, and these roads will be a gift of the State to the County. Are you willing to accept the gift?

EIGHTH—Because these roads will serve a big majority of the people of Bryan County, and, as our people are not taxed for these roads, they can, if they want to, still vote bonds to build connecting roads and can use the money now being spent on the routes of these hard-surfaced roads on the connecting roads. In this way Bryan County will in a few years have a complete system of hard-surfaced roads all over the county.

THOMAS PLAN EXPOSED

NINTH—Because the much-talked-of plan of Senator Thomas provides that each county must pay one-third of the cost of these roads. Under the plan to be voted on May 6, the county doesn't pay any increased taxes for the roads. Under the Thomas plan the taxpayers would be forced to levy a tax upon their lands, horses, cattle, plows, tools, and other things. Under the present plan we will get the good roads without levying this tax on our property.

TENTH—Under the Thomas plan, after we had voted bonds on our property for one-third of the cost of the roads, we would lack just that much of having the money we will have under the present plan, to put on the other roads of the county.

ELEVENTH—All of the 149 members of the Legislature, except three, after consideration and discussion of all roads measures presented to the Legislature, voted "YES" for the plan to be voted upon by you the Sixth day of May, in preference to all others.

You Should Vote—Yes—On May 6th

GO OUT AND WORK AND VOTE "YES" on May 6, and help the farmers get out of the MUD, WATER, STUMPS, SAND BEDS, HILLS, and all other obstructions to heavy loads. Make it possible to haul four or five bales of cotton to market instead of one bale.

Register Now! The Registration Books in each Precinct are Open until April 26th

MEN AND WOMEN, BOTH, WHO ARE NOT ALREADY REGISTERED, MUST REGISTER, IF YOU WANT TO VOTE FOR GOOD ROADS.
